Article number	: IS1400
Name	: Projecta IS1400 Professional start booster, 12 V 1400 A
Category	: Start boosters
Price (excl.)	: € 290,00
Brand	: PROJECTA
Priority	: Yes

Suitable for petrol engines up to 7.0 L and diesel engines up to 5.0 L.

- RRT (Rapid Recharge Technology). The jump starter fully recharges itself in 40 seconds after jump starting and is therefore always ready for the next use.
- LiFePO4 battery technology, lasts up to 4x longer than conventional lithium batteries
- Ultra Safe and Easy to Use
- Clamping capacity: 500 A
- Peak power: 1400 A
- Full color LCD screen, intuitive operation
- Battery test function
- Voltmeter
- LED work lamp 180 Lumen
- IP65
- USB Power bank 16000 mAh 5V
- Bad proof

Features:

- Reverse Polarity Protection
- Over and under voltage protection

- Surge and Over-Voltage Protection
- Over temperature protection
- 2000 battery cycles, very long lifespan

Content:

- Non-sparking clamps | (length 40 cm - 25 mm²)
- Durable storage pouch with EVA insert
- 12/24 V USB charger 3 Ah
- USB charging cable
