Installation

Installation files can be downloaded via our website www.jne.se or on the included USB stick. On our website there is always the latest available version as well as update of models.

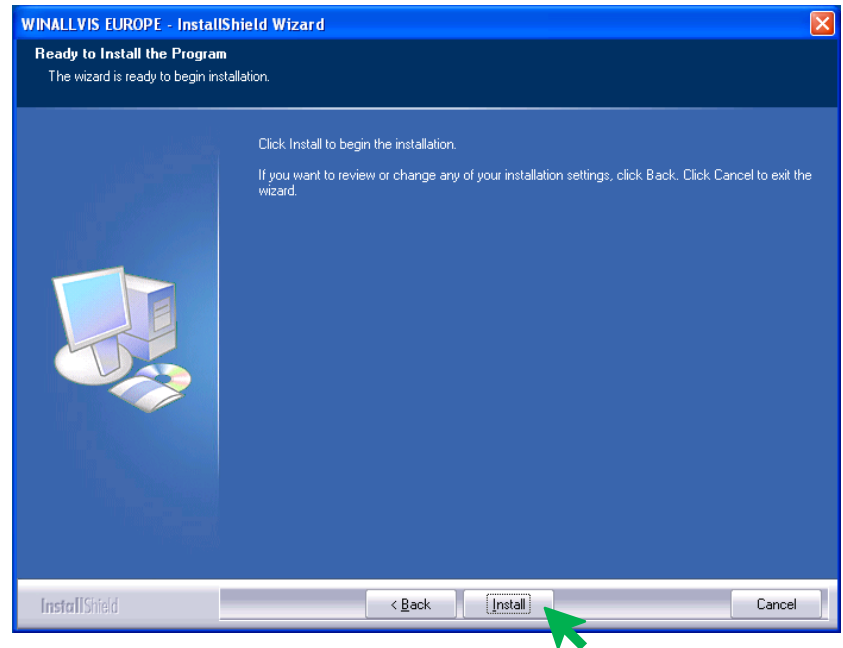

1. Select the language of the installation from the list.
2. Click OK.

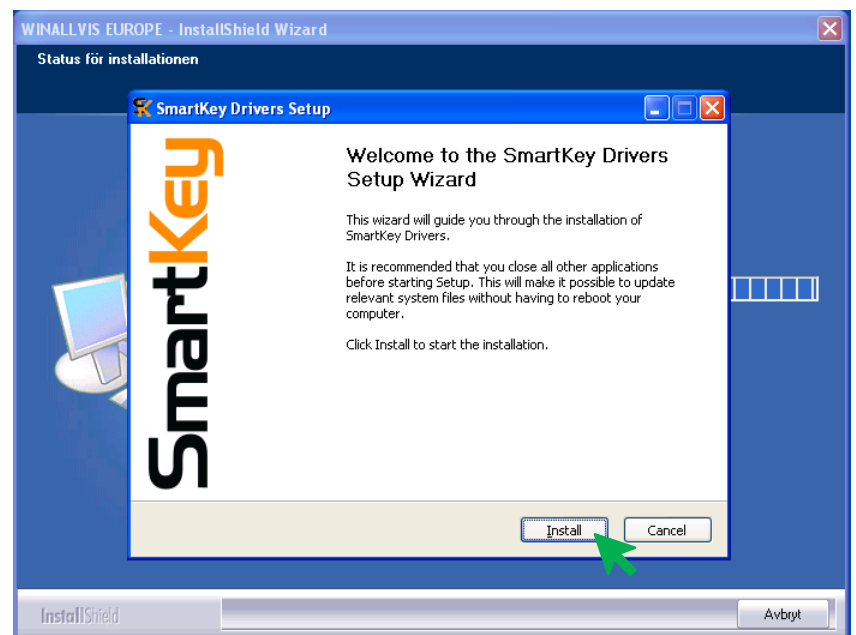

3. Click Next.

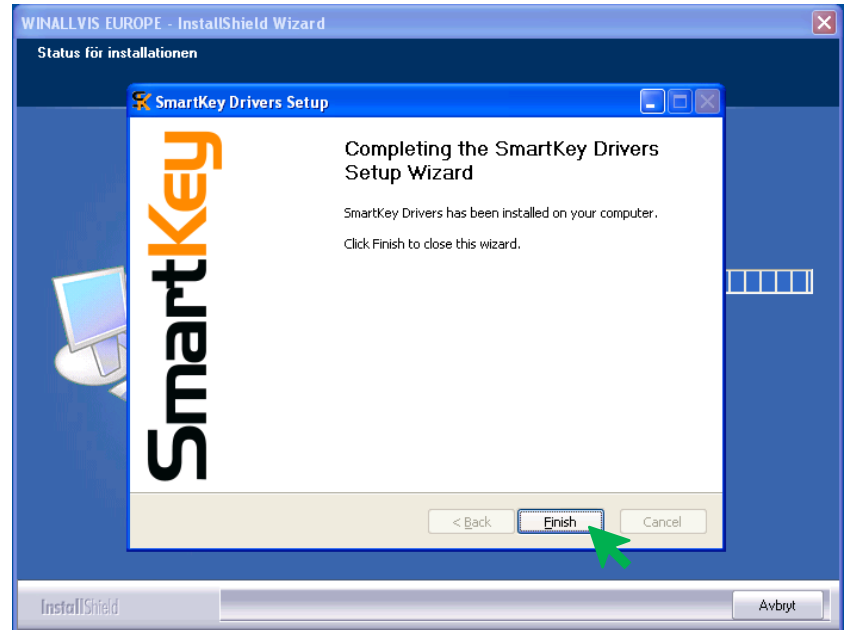

4. Click Install to start installation.

5. The installation requires Smartkey to be installed, click Install.

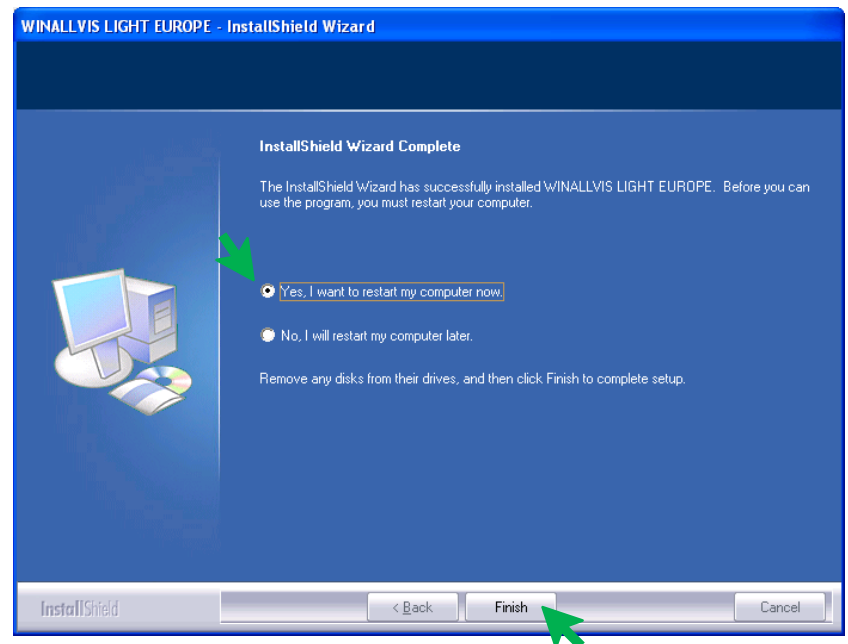

6. Click Finish.

7. After the installation is complete, a restart of the computer is needed.

8. Click Finish.

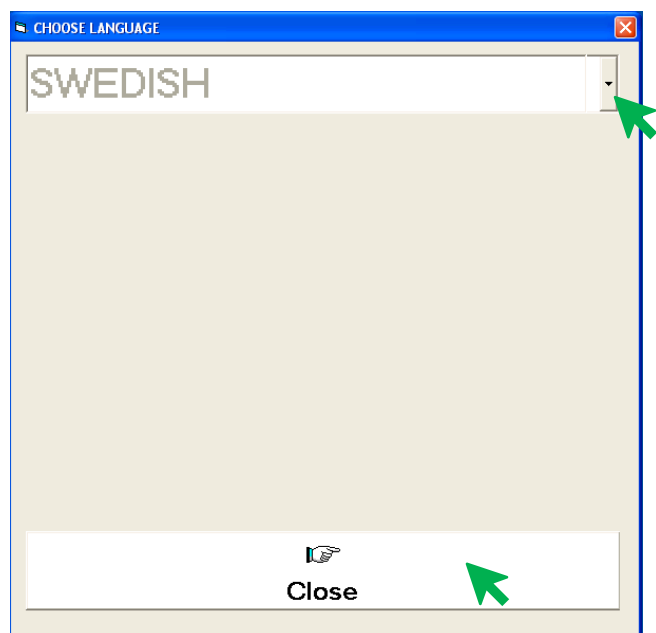

Registration

1. Doubleclick on Allvis desktop icon.

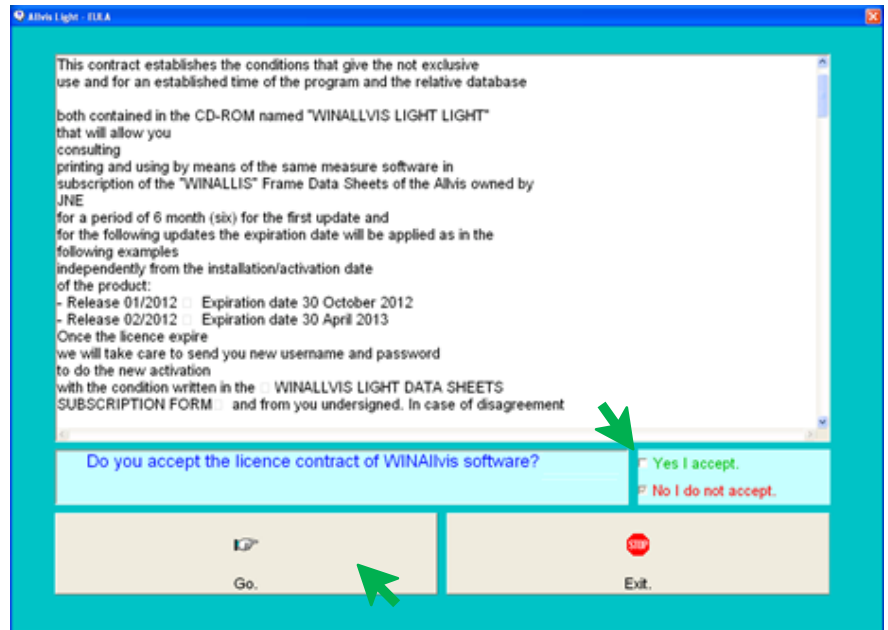

2. Choose language

3. Click Close.

4. Read the terms.
5. Click in the Yes I accept box
6. Click Next

7. Write down or copy your primary code, it will be needed later.
8. The next step is to open your browser to retrieve your opening code.

Help

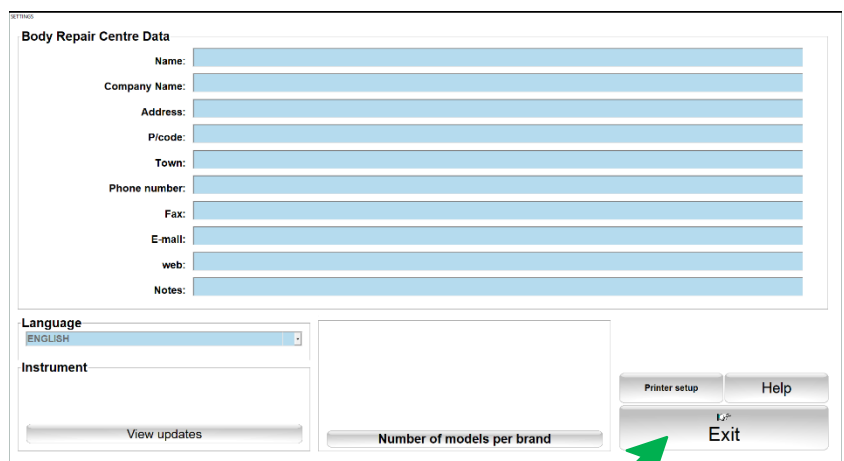

Settings

1. Click on Settings

The screenshot shows the 'New Order' form with three main sections: Order, Customer, and Car. The Order section includes fields for Number (21), Mileage (0), Date (2018-06-27), Repair Date (2018-06-27), Insurer, and Invoice N°. The Customer section includes fields for Name, Surname, Address, Town, Phone, Fax, E-mail, Web, and ZIP. The Car section includes fields for Make, Year, Model, Reg Number, Chassis, 1st Reg., Color, and Doors. At the bottom, there are buttons for 'Settings', 'Before Repair', 'After Repair', 'Measure', and 'Exit'. A green arrow points to the 'Settings' button.

2. Enter your company details.

The screenshot shows the 'Body Repair Centre Data' form with fields for Name, Company Name, Address, Picode, Town, Phone number, Fax, E-mail, web, and Notes. At the bottom, there are buttons for 'Printer setup', 'Help', and 'Exit'. A green arrow points to the 'Exit' button.

3. To save, click on Exit.
