WL70

€ 2090,00

PRODUCT DESCRIPTION:

The wheel lift trolley WHEEL LIFTER 70, with battery operation, has been designed to move the wheels of cars and light industrial vehicles in a comfortable and safe way.

The features are absolutely unique in the world of wheel lifters, of a comfort that has no equal in the products of competition.

In fact, in front of the lift we do not find forks to support the floor, the wheel can be comfortably brought in front of the point of assembly without hindrance on the part of the lift.

THE CAPACITY OF THE LIFT IS 70KG ACTUAL.

The lifting precision allows you to stop exactly where the mechanic needs to mount the wheel.
